### Barry Holt BSc(Eng) ARSM CMIOSH MIOd MIIRSM

Barry is Director of Policy & Research with the International Institute of Risk & Safety Management. His previous roles have included Head of Health & Safety Consultancy with Cardinus Risk Management and Regional Director, Europe with the National Safety Council, USA. He has carried out training and technical consultancy projects for major organisations in Europe, the Middle East and USA.

He is a graduate metallurgist from Imperial College, London and continues his academic involvement as visiting lecturer in risk and safety management on MSc courses in the School of Architecture at University College, London as was formerly external examiner on post graduate programmes at the Centre for Hazard & Risk Management at Loughborough. With UCL he was a member of the board for an EPSRC funded research project looking at decision making processes in construction safety.

He has contributed to two books on risk management in construction and has spoken at many events including the NSC Congress and a UN Environment Programme conference.

Together with IIRSM Chairman, Keith Scott, Barry has developed a training course on leadership for safety professionals and have written a book on the subject, which is about to be published..
